EC-CERTIFICATE OF CONFORMITY

1689 – CPD – 2007 – 109 (ÜE)

In compliance with Directive 89/106EEC of the Council of European Communities of 21 December 1988 on the approximation of legal and administrative provisions of the Member States relating to construction products (Construction Products Directive – CPD), amended by Directive 93/68/EEC of the Council of European Communities of 22 July 1993, implemented in Germany by the Bauproduktengesetz (BauPG), last amended by article 8a of the law of 6 January 2004, it is confirmed that the construction product

MAURER Elastomeric Bearings

laminated bearings
made from CR compound MEC PB1 or from NR compound MEN RB1,
alternatively NR bearings with a CR cover,
with or without a flat sliding element, types 1.1 to 1.8 according to EN 1337-1,
for a minimum operating temperature of -40 °C without sliding element and of -35 °C with sliding element
to use in building and civil engineering works where requirements on individual bearings are critical

placed on the market by

Maurer Söhne GmbH & Co. KG
Frankfurter Ring 193, D-80807 München

and produced in the factory

Maurer Söhne GmbH & Co. KG
Frankfurter Ring 193, D-80807 München

is subjected by the manufacturer to a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body – Prüfamt für Landverkehrswege Technische Universität München and Materialprüfungsanstalt (MPA) Universität Stuttgart – has performed the initial type-testing of the relevant characteristics of the product, the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of conformity and the performances described in annex ZA of the Standard

EN 1337-3:2005

were applied and that the product fulfils all the prescribed requirements.

This certificate was first issued on 23 February 2007 and remains valid as long as the conditions laid down in the technical specification or the manufacturing conditions in the factory or the factory production control itself are not modified significantly.

This certificate of conformity is only legally valid for Germany if the Standard is published in the Bundesanzeiger.

Dr. Eng. A. Gerber
Head of Certification Body

Nürnberg, 01.06.2007
